INDEPENDENT AUDITOR'S REVIEW REPORT ON THE INTERIM CONDENSED FINANCIAL STATEMENTS

TO THE SHAREHOLDERS OF GULF FINANCE COMPANY (A SAUDI CLOSED JOINT STOCK COMPANY)

INTRODUCTION

We have reviewed the accompanying interim statement of financial position of Gulf Finance Company (the "Company") as at 31 March 2022 and the related interim statement of comprehensive loss for the three-month period then ended, and the interim statements of changes in equity and cash flows for the three-month period then ended, and a summary of significant accounting policies and other explanatory notes (the "interim condensed financial statements"). Management is responsible for the preparation and presentation of these interim condensed financial statements in accordance with International Accounting Standard 34 - "Interim Financial Reporting" ("IAS 34") that is endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim condensed financial statements based on our review.

SCOPE OF REVIEW

We conducted our review in accordance with International Standard on Review Engagement 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", that is endorsed in the Kingdom of Saudi Arabia. A review of interim condensed financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

MATERIAL UNCERTAINTY RELATED TO GOING CONCERN

We draw attention to Note 3 in the financial statements, which indicates that the Company reported a loss for the three-month period ended 31 March 2022 amounting to SR 15,152,437 (31 March 2021: 1,358,890) and its accumulated losses as of the same date amounts to SR 52,316,489 (31 December 2021: SR 37,164,052) representing 52% (31 December 2021: 37%) of share capital which indicates that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. The Company's ultimate shareholder, namely, Shuaa Capital PSC-UAE has furnished its financial commitment to ensure the Company's ability to continue as a going concern. Furthermore, a business plan is put in place by the Company's management exploring various strategic options, including restructuring its portfolio segments and product offerings. Accordingly, the interim condensed financials has been prepared on a going concern basis.

Our conclusion is not modified in respect of this matter.

CONCLUSION

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial statements are not prepared, in all material respects, in accordance with IAS 34 that is endorsed in the Kingdom of Saudi Arabia.

2. BASIS OF PREPARATION

2.1. STATEMENT OF COMPLIANCE

These interim condensed financial statements of the Company have been prepared in accordance with International Accounting Standard ("IAS") 34 "Interim Financial Reporting" that is endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements endorsed by the Saudi Organization for Chartered and Professional Accountants ("SOCPA").

The results for the three-month period ended 31 March 2022 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2022.

These interim condensed financial statements do not include all the information and disclosures required in the annual financial statements and should be read in conjunction with the Company's financial statements for the year ended 31 December 2021.

Assets and liabilities in the interim statement of financial position are presented in the order of liquidity.

2.2. BASIS OF MEASUREMENT

These interim condensed financial statements are prepared under the historical cost method except for the Investments in Equity Instruments measured at fair value;

2.3. FUNCTIONAL AND PRESENTATION CURRENCY

These interim condensed financial statements have been presented in Saudi Riyals (SR) which is the Company's functional and presentation currency. All financial information presented in SR has been rounded to the nearest SR, unless otherwise mentioned.

3. SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES, AND ASSUMPTIONS

In preparing these interim condensed financial statements, management has made judgments and estimates that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the result of which form the basis of making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revision to accounting estimates are recognized in the period in which the estimates are revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The significant judgments made by management in applying the Company's accounting policies and the key sources of estimation uncertainty were the same as those described in the last annual financial statements.

Going concern

The Company reported a loss for the three-month period ended 31 March 2022 amounting to SR 15,152,437 (31 March 2021: 1,358,890) and its accumulated losses as of the same date amounts to SR 52,316,489 (31 December 2021: SR 37,164,052) representing 52% (December 31, 2021: 37%) of the share capital which indicates that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. The Company's ultimate shareholder, namely, Shuaa Capital PSC– UAE has furnished its financial commitment to ensure the Company's ability to continue as a going concern. Furthermore, a business plan is put in place by the Company's management exploring various strategic options, including restructuring its portfolio segments and product offerings. Considering the above the Company's management is satisfied that it shall continue its operations in the foreseeable future. Accordingly, these interim condensed financial statements have been prepared on the going concern basis and do not include any adjustments, which may be required, if the Company is not able to continue as a going concern.

5.1. This represents an unsecured short-term intercompany loan without any asset-backed financing to the Parent Company under an agreement made on 7 February 2019. The loan bears interest of 9.5% per annum and was repayable in 90 days. However, upon the expiry of the term, it was rescheduled by the Company on the request of the Parent Company dated 5 August 2019 for another 180 days and was repayable on 4 November 2019. As at March 31, 2022 the loan has been overdue for more than 720 days. However, full provision for impairment has been recorded.

Furthermore, as disclosed within the annual financial statements for the year ended 31 December 2021 under commitments and contingencies, subsequent to the period ended 31 March 2022 a penalty amounting to SR 250,000 was imposed by SAMA with reference to related party loans. Company has maintained provision for the same in these interim financials statements.

6.1. In response to COVID-19, SAMA launched the Private Sector Financing Support Program ("PSFSP") in March 2020 to provide the necessary support to the Micro Small and Medium Enterprises ("MSME") as per the definition issued by SAMA. As part of the Deferred Payment Program ("DPP"), the Company deferred payments for 6 months to contracts that qualify as MSME with extending the tenure of the facility.

During the period, SAMA further extended the same for an additional 3 months for qualifying MSME. The accounting impact of these changes in terms of the net investment in Islamic Financing has been assessed and account for as per the requirements of IFRS 9 as a modification in terms of the arrangements. Modification loss has been recognized under other income / (expenses) in interim statement of comprehensive loss.

- **9.2.** The Company obtained bank financial facilities from a local bank for the purpose of financing working capital needs. These bank facilities bear finance costs at market prevailing rates and also have restricted cash deposits. The Company has collateralized certain Islamic financing receivables in order to obtain these financial facilities.
- **9.3.** During the period, the Company has received government financing amounting to SR 3.331 million from SAMA at a zero-profit rate under SAMA liquidity support program. These financings are repayable at the end of 18 months which is discounted using average market prevailing profit rates for similar financing facilities. The present value of these amounts to SR 3.024 million. The difference between financing received and its present value is recorded as a government grant and has been accounted for as per the requirements of IFRS.
- **9.4.** The facility agreements include covenants which, among other things, require the Company to maintain certain financial ratios. As of 31 March 2022, the Company is in compliance with the covenants of the financing agreements.

12. FAIR VALUES OF FINANCIAL ASSETS AND LIABILITIES

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Underlying the definition of fair value is the presumption that the Company is a going concern and there is no intention or requirement to curtail materially the scale of its operations or to undertake a transaction on adverse terms.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

When measuring the fair value, the Company uses market observable data as far as possible. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that can be accessed at the measurement date

Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

12. FAIR VALUES OF FINANCIAL ASSETS AND LIABILITIES (CONTINUED)

The Company's financial assets consist of cash and bank balances, investment, net investment in Islamic financing, restricted cash deposits and other receivables, its financial liabilities consist of trade payables, financial facilities, due to related party and other liabilities.

The Company's management determines the policies and procedures for both recurring fair value measurement and for non-recurring measurement

All financial assets and liabilities are measured at amortized cost except investment that are carried at FVOCI. The carrying amounts of all other financial assets and financial liabilities measured at amortized cost approximate to their fair values.
